Long Distance Letters

Letter 1

To My Beloved,

It's not easy being so many miles away from you, but I kind of get inspired from this long distance love because I expect something or the other from it every day.

I keep counting every minute and second until I get the opportunity to wrap my arms around you again and fall asleep in your arms.

I want to feel your breath on my shoulders and hear your laugh.

You can't imagine how much I want you at this present moment.

I can't wait to feel your touch.

I love you, but this pain of missing you that I am going through is absolutely worth it.

You are the only one who is worthy of my love and I could wait a lifetime for the most wonderful person on this planet.

I hope you are in the pink of your health and absolutely hale and hearty.

Till the time we meet, cheerio.

Letter 2

My Dearest,

Not getting you close to me is slowly driving me crazy.

I simply can't wait for the moment when we are together forever.

Those eight hours that we are away for work seem heavy for me.

I keep imagining you beside me and feeling your touch on my tender skin. I am dying to hear your voice teasing me and your fingers running across my hair.

Many a time, I turn around and expect to see you right beside me.

I get utterly disappointed when I don't get to see you and I can't describe the pain I go through when reality hits me.

I haven't imagined a day without you and it's only me who knows how is it like staying away from you.

I have often thought why can't I live all by myself.

But the moment I have thought of spending a day without you, everything will go topsy-turvy.

All my plans for my future are absolutely incomplete without you.

My heart beats for you baby and I would die if you are not with me.

Promise me, that you would never leave me, come what may.

Staying far away from you is not possible anymore.

Please come back soon.

Miss you.

Reconciliation Letters

Letter 1

Darling,

I know you are furious with me and this letter might be the last thing you would want to read at this present moment.

The argument that we had last night was totally uncalled for and I realized this morning that how much I love you.

You know why?

Because I know I can trust you blindly and can easily get through this

like every time.

We are a strong team and all these upheavals can never break the strong bond that we share.

We do know how to compromise, don't we?

Even in the times that we get pissed off with each other, we have always stayed respectful towards each other.

This is the thing that I love about us.

Every couple fights and we are not exceptional.

Having said that, we know how to handle them with full maturity.

People say that wives are the better halves of their husbands.

However, I have always been of the opinion that you are my better half.

The way you have been by my side through thick and thin, I doubt anybody would.

Please forgive me if I have hurt you in any way. I never intended to and I hope I never would.

Love you.

Letter 2

Sweetheart,

I'm really sorry that I have hurt you.

You don't know what I am feeling right now.

You know baby, I never wanted to be the reason a single tear runs down that hunky face.

Believe me, I never wanted to be the reason why you would become upset.

I get hurt every time I hurt you.

I cry when you cry.

No matter how hard we fight, I feel like running back to your arms every time.

You are my solace, honey. You are the person for whom my life has a new meaning, a new identity.

I really don't know if you need this apology or not, but I wouldn't be able to forgive myself if you don't forgive me.

As far as I know, you are not a person who holds grudges. You never were. I hate it when I hurt you, even for a moment, even for a second.

I shouldn't have been so hard-hearted to someone who has floored me with his kindness.

With all my heart, I love you!

I always have.

And I promise you that I will take this as a learning experience.

Waiting to hug you.

Letter 3

Hey Sweetie,

I don't know if I should be telling you this now, but I seriously can't get you off my mind.

Maybe this is not a good idea, but I badly want to get back to you.

My friends have often advised me to set things right, but something has been stopping from reaching out to you.

Maybe it's my ego, But, the fact of the matter is, I have realized that I can't live without you.

After we broke up, there hasn't been a single moment I haven't thought about you.

Trust me, I haven't deleted a single part of our memories, be it your texts, or the pictures we clicked together.

I am not aware of whether you have done it.

I very well know that we have had our own problems, but I have a strong belief that we can sort out everything together.

In my heart, I do wish to run into your arms one more time.

Miss you dear.

Letter 4

Darling,

If you ask me it was really painful to break up with you.

I never wanted it to happen. After we have separated, there has been a huge void in my life.

I wanted to spend my whole life with you, get married, have kids, and die in your arms.

Unfortunately, there has been a hiccup, which neither of us has been able to deal with.

I always wanted to cook meals for you and give you all the happiness in the world. I had so many plans for the future.

However, our love story has ended so abruptly, that I am at a loss for words and can't think about anything else.

Can you help me work out our future out once more?

I have a strong feeling that you and I are made for each other and our story hasn't officially ended.

Mark my words.

Missing Him Letters

Letter 1

Honey,

It has only been a while that we had last met.

But I don't know why it seems like years I have last seen you.

Your touch, your breath, those eyes staring at me, that smile across your lips, make me go weak in the knees and I can't express how I miss them every time you leave.

I know I am being a bit too selfish in asking you to stick to me each

and every moment, but sweetheart, the fact is I can't away from you for much longer.

Maybe you would understand, maybe you wouldn't and maybe my way of expressing my love for you wouldn't get across to you, but I hope one day you would realize that my love for you is true and eternal.

Nothing, and I mean nothing can come between us.

Wish, you were here to listen to what I have to say.

The next time when we meet, I am not going to shy away from showering all my love on you dear.

Miss you so much.

Letter 2

My love,

It has been only been a day that I have shifted to a new city.

These 24 hours that I have not seen you have started taking a toll on me badly.

The pain from being away from you is so painful dear.

I always had such great times with you that I couldn't imagine how it would be like to stay away from you.

If a day seems so heavy, how would I spend the rest six months?

It's frightening me already.

The very thought of it is driving me mad.

I wish you could be here with you so that I could see and feel you every time I wanted to.

But that too seems to be a distant reality.

The moment I try to imagine a second without you, I feel terrified, to be honest.

I can't wait to get back to you, but my professional commitments are proving to be the major hurdle.

I wish there wouldn't be any gap between you and me.

I promise to finish my work as soon as possible and jump back into your arms.

I can't wait.

Miss me.

Anniversary Letters

Happy Anniversary

Letter 1

My love,

It's hard to believe that one more year has passed by.

It seems like it's just tomorrow we met.

You are a gift from God who has graced my life with all the love. It feels like I have known you for ages.

With your arrival in my life, everything has been so meaningless, because you are the one who has mattered to me the most.

You have been the guiding light and I would be lost if I don't have you.

I want to thank you for everything you have done for me.

Thanks to you, I have matured as a woman.

However, I still depend on you for many things. I am incomplete without you, darling.

Please don't ever leave me.

Happy Anniversary Sweetheart.

Love you to the moon and back.

Letter 2

To The Love Of My Life,

I believe we are the cutest couple and I love us.

No sweetie, I am not boasting.

I mean it.

We are indeed the perfect couple and it has been another year that we have enjoyed marital bliss.

We do understand each other and listen to each other every time we

have a difference in opinion because of the mutual respect that we have for each other.

You are my inspiration and my role model.

I have always looked up to you for everything and the way you deal with all the ups and downs of life is something I have derived my inspiration from.

You have never shied away from facing the adversities of life and that itself has impressed me to the core.

Negative situations come and go, but you have been a rock, weathering all kinds of storms single-handedly.

A brand new year is about to start, but this seems to be just the beginning of a long road that we have planned to travel together, however tough and rocky it would be.

I love you sweetie, and I know you love me more.

Happy Anniversary My Lifeline.

Thank You Letter

Dearie,

I never thought of writing a letter to you.

But, all of a sudden, it seemed necessary as I was missing you like hell.

In an age of texts, Facebook chats, and WhatsApp, writing a letter seems to be something completely out of place.

However, I thought it would be a sweet gesture on my part and I really feel you would love it.

Well, this is actually a thank you note.

Why?

Because I wanted to thank you for everything you have done for me.

Thank you for washing my dishes, thank you for making my bed,
thank you for staying beside me when I am sick,

Thanks for those hugs and kisses you have gifted me, thanks so much
for squeezing all the sadness and disappointments out of my life,
thank you for each and everything.

No, it's not an obligation.

I know you do everything because you love me.

You have instilled a whole lot of confidence in me when I have felt
down and out.

Most of all, I want to thank you for being there for me.

I never thought I would come across a person like you who would
know me more than I do.

Having said that, a big thank you for being my best friend.

Can never stop loving you.

Casual Love Letter

I can't wait until your birthday to confess what you mean to me.

Actually, you are everything I always wanted from God.

I know I don't often say this.

You know how guarded I am about my feelings and I am very well aware of much you hate this habit of mine.

But, I did feel like opening my heart and pour all my feelings for you in this letter.

I hope you know how much I love you and how much I care about

you.

I never imagined that I can have so much love for someone.

I know there are days when we argue a lot, quarrel, and even don't see eye-to-eye.

But, trust me, you are the only person on this planet, I can shower my love and anger on at the same time.

Dude, you are my best pal and I guess I have the right to be mad at you.

The next time we stand in front of each other, I assure you I would make up for everything.

Last, but not least, thank you for everything. Be there for me just like you have been till now.

I wouldn't disappoint you for sure.

You can trust me blindly on that.

Confidence-boosting Letters

Letter 1

My boo,

Did I tell you before that you are the most good-looking and attractive man I have ever met in my life?

Yes, honey, it's the truth.

I thank God because you are mine.

I couldn't have a more precious gift.

You make me laugh as no one does.

You are awesome in bed and I don't think can be better than you.

Do you know what's the best part I love about you?

Your compassion and warmth towards others.

These are the qualities that are rarely seen in men nowadays.

You are not perfect, of course not.

In fact, nobody is.

But your flaws are your charm and that's why you look all the more alluring to me.

There is no point in being perfect.

It's boring and mundane. Your imperfection has given me utter joy.

I wouldn't ever want to change a single thing about you.

Never.

The way you look at me is enough to melt my heart and the way you smile at me sets my adrenaline rushing.

If I have to tell you truly, I have butterflies in my stomach the moment you touch me.

Ohh, baby, you can never know how you make me go crazy. To me, you are the best.

You always will be.

Letter 2

Sweetheart,

I know how upset you are regarding that promotion.

I know how badly you expected a hike. But, things don't always go according to our wish.

Our expectations don't always have a fruitful result irrespective of how badly we want it.

Disappointments are a part and parcel of life.

It doesn't mean that you would stop working towards success.

Remember, it doesn't matter how slowly you go as long as you don't stop. You have to work harder.

I am always there for you no matter what. If the whole world stops believing in you, I never will.

I know that one day or the other, you will achieve what has always desired and deserved.

You have all the potential to be at the top and one day, you would.

Don't lose confidence in yourself because that's the biggest weapon

you have.

It's always up to you how you would want to shape your life.

Rest, leave it to the almighty.

He will set everything straight.

In The Mood Letter

Hi Hottie,

I am going to make this night hotter for you.

Come back soon from work because something out of the world is waiting for you.

I won't divulge the details in this letter.

It's a surprise.

Keep thinking about it the whole day.

Tonight, I will show you heaven.

I really want to gift you an experience of a lifetime.

So, make your way home as early as possible as something exciting is waiting for you, baby.
