

The “Would you rather questions” game is considered to be a party game which includes a list of questions beginning with “would you rather”.

You can choose between two good or bad options, but the person is not allowed to answer ‘either’ or ‘both’.

It is because these answers create rationales to debate on.

Everyone loves the game;

- Kids
- Teens
- Couples
- Friends
- Adults
- Parents
- ETC

These questions would definitely entertain you and your friends because some might be incredibly funny.

And truth is, some are easy while the majority others are hard. **Very hard.**

This game is even more interesting because we’d get to know the disposition/thoughts of our friends, acquaintances or others and their views towards some delicate matters.

These questions really do well in the group of a few people.

Yes, it is quite interesting to know which option they choose, but on the other hand, it fills us with 'thoughts' as to why the person has chosen that option.

So, you have to make sure that you ask multiple questions.

So right about now, I'm going to present to you **'351 best would you rather quiz'**.

Are you ready to play the game?

If so, let's get started.
